Accounts

Greenbacks were paper
currency printed in green
on the back issued by the
United States during the
American Civil War.

A banknote is a type of negotiable promissory note, made by a bank, payable to the bearer on demand. Banknotes were originally issued by commercial banks, which were legally required to redeem the notes for legal tender usually gold or silver coin when presented to the chief cashier of the originating bank. These commercial banknotes only traded at face value in the market served by the issuing bank. Commercial banknotes have primarily been replaced by national banknotes issued by central banks.

A mixed economy is variously defined as an economic system blending elements of market economies with elements of planned economies, free markets with state interventionism, or private enterprise with public enterprise. There is no single definition of a mixed economy, but rather and governmental provision of public services.

10 pt

A mixed economy is variously defined as an economic system blending elements of market economies with elements of planned economies, free markets with state interventionism, or private enterprise with public enterprise. There is no single definition of a mixed economy, but rather two major definitions. The first of these definitions refers to a mixture of markets with state interventionism, referring to capitalist market economies with strong regulatory oversight, interventionist policies and governmental provision of public services.

About the font

Ciudadella is a semi modular with a subtle rounded finish typeface. All the characters are based in the same formal principle with its corresponding optical adjustments in order to adapt the system to an alphabet for texts. Although the type family has a geometric or technological construction, the rounded finish provides it a warm appearance, making the typefaces nicer and nearby. Ciudadella has been conceived to be used as a display typeface in publications or intermediate length texts, most of all the Thin and Ultralight weights which were meant to be used in big sizes.
