Architectural works are
often perceived as main
cultural symbols in the
material form of houses
and buildings.

Product design and industrial design overlap in the fields of user interface design, information design, and interaction design. Various schools of industrial design specialize in one of these aspects, ranging from pure art colleges and design schools and mixed programs of engineering and design, to related disciplines such as exhibit design and interior design, to schools that almost completely subordinated aesthetic design.

About the font

Geogrotesque Mono is the fixed-width counterpart of Geogrotesque. As in the original, the rounded finish provides a warm appearance and make it less hard or technological. It is ideal to use in tables and drafts, but also in packaging or branding where a technical or classic appearance is desired. Geogrotesque Mono is the perfect match for the all time best seller Geogrotesque. It comes in 14 styles: seven weights, plus seven underscored versions. Variable fonts are included with the family or available as separate styles.

Licenses

Desktop For use on a desktop computer. Including the most common uses, both personal and commercial, for use in desktop applications such as Adobe Photoshop, Adobe InDesign and Microsoft Office. Desktop licenses are based on the number of computers in which the font will be installed.

Webfont For a website or web application. A webfont license allows to embed the font into a website, so that it can be displayed on any browser. The license is based on a monthly pageviews allowance for the webfonts. One time fee, this license does not need to be renewed if the site remain within that monthly pageviews.

Digital Ads For use in dynamic and responsive HTML5 ads or other digitally embedded ads. You can use on social media campaigns as well, keeping the brand identity wherever the ad appears.

App-ePub For mobile apps and electronic publications. The license allows to embed the font in the mobile application's code and in an electronic publication such as digital books, magazines, newspapers. Licenses are based on the total number of downloads of the app or the ePub.

Corporate A perpetual combination of all our licenses: Desktop, Webfont, Digital Ads and App-Epub. Tailored for a single brand or entity, based on a simple metric: the number of employees within the organization [not the number of users or computers] at the time of purchase. You can buy it directly online up to 500 employees. Please contact us if you have larger requests.
