Wardrobe icons with elevated cuts, sharp finishing, and luxury materials without any branding other than bold silhouettes.

Electric motors can provide high power to weight ratios. Batteries can be designed to supply the electrical current needed to support these motors. Electric motors have a flat torque curve down to zero speed. For simplicity and reliability, most electric cars use fixed ratio gearboxes and have no clutch. Many electric cars have faster acceleration than average ICE cars.

Apple Park is the corporate headquarters of Apple, located in Cupertino, California, United States. It was opened to employees in April 2017, while construction was still underway, and superseded Apple Infinite Loop as the company's corporate headquarters. The main building's scale and circular groundscraper design, by Norman Foster, have earned the structure the media nickname the spaceship. Located on a suburban site, it houses employees in one central four-story circular building. Apple founder Steve Jobs wanted the campus to look less like a business park and more like a nature refuge; majority of the site consists of green space planted with drought resistant trees and plants indigenous to the Cupertino area, and the center courtyard of the main building features an artificial pond. Officially known as the Steve Jobs Theater, the facility is located atop a

Goalking blends elements of humanist and geometric styles to create a clean yet vigorous typeface. The open apertures infusing a British vibe, closer to Stephenson Blake's Granby than Edward Johnston's Underground Sans. Especially because it presents more contrast in the joints by tapering the arches plus rounded dots. Nevertheless Goalking features wide and contemporary proportions, instead of handwriting or classical ones, spiky vertical terminals and a generous x-height. It is an excellent choice for modern communication, an usable and legible font that feels both familiar and fresh.

Languages Afrikaans, Albanian, Basque, Bosnian, Bulgarian, Catalan, Croatian, Czech, Danish, Dutch, English, Esperanto, Estonian, Filipino, Finnish, French, Galician, German, Hungarian, Icelandic, Indonesian, Irish, Italian, Javanese, Kurdish, Latin, Latvian, Lithuanian, Malay, Maltese, Moldovan, Norwegian, Polish, Portuguese, Romanian, Scottish Gaelic, Serbian, Slovak, Slovenian, Somali, Spanish, Suahili, Swedish, Tagalog, Turkish, Welsh, Zulu & more.

Desktop license For use on a desktop computer. Including the most common uses, both personal and commercial, for use in desktop applications such as Adobe Photoshop, Adobe InDesign and Microsoft Office. Desktop licenses are based on the number of computers in which the font will be installed.

Webfont license For a website or web application. A webfont license allows to embed the font into a website, so that it can be displayed on any browser. The license is based on a monthly pageview allowance for the webfonts. One time fee, this license does not need to be renewed if the site keep the monthly pageviews.

ePub license For use on an electronic publication. The license allows to embed the font in an electronic publication such as digital books, magazines, newspapers. An ePub license is based on the number of publications in which the font is used and each issue counts as a separate publication.

App license For a mobile app for iOS, Android or Windows Phone, the license allows to embed the font in the mobile application's code. Licenses are purchased based on the total number of different apps created.

Server license For use on sites, web apps, or services that allow a non-licensed user to utilize the font to create a personalized product. This license is valid for one year and is renewed each year that the font remains in use.
